To whom it may concern.

We confirm that Gdańsk International Fair Co. have dealt with Welcome English School since June 2008, during which time they have provided business english lessons for group of four, at the beginning then two, with excellent results.

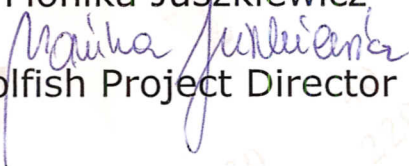

We can confidently recommend Mr. Tomasz Szymański as a solid, reliable person and experts in the field of business english.

Having lessons for few months the group focused on different subjects: company structure, mergers and acquisitions, law, economy, financial idioms and expressions, nature of leadership, forming business in different countries, corporate culture, managing difficult situations, telephoning, presentations, preparing speeches, political and public life, media, arbitration, conference calls, stress and stress management.

We see these lessons as very interesting and corresponding with our needs.
